JORIS **MICHEL**

69 rue de Belbeze, 31170 Tournefeuille   +33 6 29 76 94 19

in **jorismichel@hotmail.fr**

My current job let me learn web services and system administration. I would like now to deepen my skills into **web** or **mobile development**.

EXPÉRIENCE

SEPTEMBER 2015 – TODAY
SOFTWARE ENGINEER, CAPGEMINI, TOULOUSE
Working for the French energetic leader (EDF), I was doing software maintenance and development of new web services for the ESB of EDF ecosystem
Webmethods, SOAP/REST

After a year, I became responsible of performances of the application leading me to manage a team of 5 people. This opportunity taught me useful soft skills and also let me perfect my hard skills about system administration and problems solving.
HP LoadRunner, system and DB administration, project management

In 2020, the project is migrating to a new version of its main technology (Webmethods). It allowed me to join the designing of the new architecture and to acquire new work methodologies.
Devops (Confluence, Jira, Ansible, GIT), Cloud, Continuous integration (Jenkins), automation

SEPTEMBER 2014 – AUGUST 2015
SOFTWARE DEVELOPER (APPRENTICESHIP), BERGER-LEVRAULT, TOULOUSE
Development and maintenance of an application which can deploy and install software update among computer parc.
GWT, JEE

Creation of a dashboard about the computer parc of the company.
Big data, Talend, QlikView

EDUCATION

AUGUST 2015
MASTER'S DEGREE IN SOFTWARE DEVELOPMENT,
PAUL SABATIER UNIVERSITY, TOULOUSE
Software development : **Java, C, C++, Assembly, .NET**
Web development : **HTML, PHP, CSS, Javascript**
Mobile development : **Android**

VOLUNTEERING

JULY 2013 – AUGUST 2013
LABORATORY ASSISTANT / WEB DEVELOPER,
UNIVERSITY OF FLORIDA, WINTER HAVEN

At morning I was laboratory assistant harvesting and processing the samples from fields and maintaining the botanical greenhouses. At afternoon I was focus on creating the laboratory's chief's website. It was a wonderful opportunity which made me improve my English, my web development skills and also learn to know another culture.
English, PHP, HTML, CSS, Javascript
